Saturday proved to be an excellent day weatherwise with the course looking resplendent after the recent rain and valiant efforts by the green staff and local volunteers. The first hole showed its colours with around 75% of the players missing the fairway when teeing off—although this can take the doubt out of each player’s second shots—laying up being the only option. Dave Hollis won the day with an excellent 39 pts, only on a countback from Mick Tracey, one of the most consistent players off a single figure handicap at this club for many years. Lee Heuston played very well finishing third with 38 pts. Errol Munzenberger showed his true form to win B Grade with an outstanding 42 pts, just ahead of Club Captain Murray Johanson with 40 pts, with Mick Barrett third with an excellent 39 pts, to take the lead in the club championship. Barry Turner had a day out to remember, winning C Grade with an unbelievable 45 pts—an 82 off the stick. Such a round is of no surprise as Barry has a fine all round game, much better than his handicap suggests. Geoff Jones finished second with a fine 41 pts to take the lead in C Grade, with Peter Matthews coming third with his 38 pts to stay in contention for the C Grade title. After the completion of the third round of the Club Championships, there are some intriguing contests in most grades. Cameron Johanson has taken a commanding 14 shot lead into the last round after his wonderful 71, with last year’s champion Joshua Tracey second after his 75, with Isaiah Wolferstan third. Mick Barrett has a 6 shot lead in B Grade on 255, with Club Captain Murray Johanson playing well in second place on 261 with Troy McCaw and Doug Muncaster another shot behind. Geoff Jones continues his fine year, leading C Grade on 272, 3 shots in front of Peter Matthews on 275, with John Martin and Barry Turner next in line a few shots back.

The last day of the championships proved to be a special day with a new club champion crowned, with Cameron Johanson holding on to win by 6 shots, after a fighting come back from Isaiah Wolferstan to make things interesting. Cameron had to call on all his resources early in his round after a quadruple bogey 8 on the 5th after getting into trouble. He was able to gather himself and still win very impressively. Isaiah finished the day in spectacular fashion after nearly holing out on the last after telling his playing partners that he would do so—his shot landed about a foot past the hole before spinning back to a foot—the crowd watching were abuzz—a great way to end the championship. Mick Barrett had a similar margin in winning B Grade from Troy McCaw with Doug Muncaster and Murray Johanson filling the placings. I'm sure Captain Murray was a little distracted today with his son on the verge of winning the major club title—it's not often that a father and son can win club championships on the same day—look out next year after Murray continues his tutelage with the club pro, Marcus! Geoff Jones was the C Grade Champion, completing a wonderful year for Geoff after winning major prizes in the District Championships. The day's results were as follows:
